HMP Status Update

<input checked="" type="checkbox"/> November 18, 2022	Kick-Off Meeting
<input checked="" type="checkbox"/> January 5, 2023	Finalize Goals and Objectives
<input checked="" type="checkbox"/> April 25, 2023	Finalize Plan Maintenance
<input checked="" type="checkbox"/> April 27, 2023	Risk Assessment Presentation & Mitigation Strategy Workshop
<input checked="" type="checkbox"/> November 2022 – June 2023	Plan Development
<input checked="" type="checkbox"/> June 14, 2023	Review Draft Plan – public review starting June 26th
<input checked="" type="checkbox"/> September 2023	Plan Submitted to Ohio EMA
<input checked="" type="checkbox"/> October-November 2023	Address required revisions
<input checked="" type="checkbox"/> November 21, 2023	County adopts the HMP
<input checked="" type="checkbox"/> December 4, 2023	Re-submit revised plan to Ohio EMA
<input type="checkbox"/> December 2023	Municipalities adopt the HMP
<input type="checkbox"/> January 11, 2024	BATool Webinar

4

Adoption Process

- Franklin County adopted the HMP through resolution on November 21st
- Municipalities should begin adopting now. The current plan expires December 28th
- A draft adoption resolution is in the chat and will be sent out after today's meeting
- As you adopt the HMP, send copies of the resolution to Tetra Tech and Franklin County

CITY OF HILLIARD
OHIO • 1851

Resolution: 23-08 Adopted: November 27, 2023
Effective: November 27, 2023

ADOPTING THE 2023/2024 FRANKLIN COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN UPDATE.

WHEREAS, Franklin County and its jurisdictions recognize the threat that natural hazards pose to people and property within Franklin County; and

WHEREAS, the County and its jurisdictions has prepared a multi-hazard mitigation plan, hereby known as the 2023/2024 Franklin County Multi-Jurisdictional Hazard Mitigation Plan Update in accordance with Federal laws, including the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, the National Flood Insurance Act of 1968, as amended, and the National Dam Safety Program Act, as amended; and

WHEREAS, the 2023/2024 Franklin County Multi-Jurisdictional Hazard Mitigation Plan Update identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property in Franklin County and its jurisdictions from the impacts of future hazards and disasters; and

WHEREAS, adoption by Franklin County and its jurisdictions demonstrates its commitment to hazard mitigation and achieving the goals outlined in the 2023/2024 Franklin County Multi-Jurisdictional Hazard Mitigation Plan Update.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Hilliard, Ohio:

SECTION 1. The City of Hilliard hereby adopts the 2023/2024 Franklin County Multi-Jurisdictional Hazard Mitigation Plan Update. (While content related to Franklin County and Hilliard require revisions to meet the plan approval requirements, changes occurring after [redacted] shall not require [redacted].)

4. EMERGENCY MANAGEMENT AGENCY
Resolution No. 0903-23
Resolution authorizing the adoption of The 2023/2024 Franklin County Multi-Jurisdictional Natural Hazards Mitigation Plan. (Emergency Management Agency)

5

Maintaining the HMP

- The County and each of you are responsible for monitoring, integrating, evaluating, and updating the 2023 HMP over the next 5 years
- How are you going to do that?
 - Reconvene the Planning Team once a year to provide a status update on actions and discuss any changes in mitigation and risk
 - Provide links to the HMP on your municipal websites
 - StoryMap
 - HMP Website
 - Municipal websites/social media
- BAToolSM

Monitoring

- Planning Team should meet each year over the next 5 years and discuss the following:

Planning Process	Risk Assessment	Mitigation Strategy	Implementation
<ul style="list-style-type: none"> ❑ Reach out to planning partners and familiarize them with the HMP ❑ Provide new information and data to the County ❑ Incorporate HMP into other plans, policies, and programs ❑ Invite new partners to participate in the HMP 	<ul style="list-style-type: none"> ❑ Record major state or federal disaster declarations or hazard events in past year ❑ Discuss changes in population, land use or development in high-hazard areas ❑ Document any new impacts on community vulnerability ❑ Consider new information on the effect of future conditions, such as climate change ❑ Check for new flood maps ❑ Look at relevant Risk MAP products 	<ul style="list-style-type: none"> ❑ Encourage local partners to familiarize themselves with mitigation projects ❑ Discuss changes in local capabilities or risk reduction goals ❑ Check if mitigation actions align with local capabilities and goals ❑ Report mitigation progress, successes, funding received, and training held 	<ul style="list-style-type: none"> ❑ Discuss the potential benefits of new training, data, funding sources, or technical assistance for carrying out mitigation actions ❑ Brainstorm non-FEMA funding sources ❑ Base funding source ideas on how mitigation goals align with other plans ❑ Plan strategies to communicate mitigation priorities and actions to potential funding partners ❑ Ensure readiness to apply for funds by making the priorities and actions known when funds become available

7

7

BAToolSM

- Online progress reporting for individual mitigation actions – pre-populated by Tetra Tech
- Reminder emails to log in and update
- Each municipality will get a username and password
- Training webinar will be held on January 11th at 1:00 pm

2023 FRANKLIN COUNTY MULTI-JURISDICTIONAL HAZARD MITIGATION PLAN

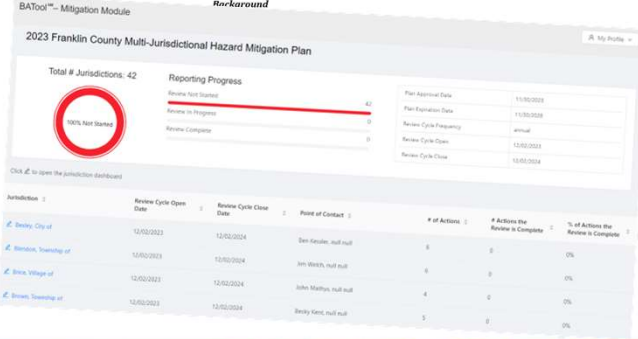

PROGRESS REPORT

Guidance to the report author:
Please refer to one or more of the following to ensure all required information is captured in your progress report prior to submission: Hazard Mitigation Plan maintenance section, the latest CDE Manual, the CDE 2022 CDEMS-DR Action Plan, and any applicable programmatic policies and procedures. Please edit/expand each placeholder section as needed to ensure applicability. Additional guidance is provided throughout the template in yellow italicized text.

Reporting Period

The reporting period for this progress report is **12-02-2023** through **12-02-2024**.

Background

8

8

Integrating the HMP

- Integrate the HMP into existing and future plans, codes, etc. can help create a more hazard-resistant and resilient community
- Do your local policies and programs align with the HMP?
- Refer to your annex to see what can be integrated
 - Comprehensive/master plans, zoning ordinances, stormwater plan, capital improvement plan, etc.

9

Continued Public Involvement

- Project website and StoryMap will be updated once the HMP is APA
- Keep a link to the site on your municipal website
- We will send a final round of social media graphics to inform the public of the plan's approval

FRANKLIN COUNTY HAZARD MITIGATION PLAN 2023 UPDATE

Home About What's Mitigation? Meetings Draft Plan Additional Information Mitigation Tools for Municipalities

The 2023 Franklin County Hazard Mitigation Plan is currently under review by Ohio EMA. Click here to view the final draft.

Welcome to the Franklin County Hazard Mitigation Plan (HMP) Website. This website provides project updates, resources, and links to hazard mitigation in support of the HMP update.

The goal of the project is to save lives and property through the reduction of hazard vulnerability for Franklin County and its municipalities. During the course of this planning project, county and local leaders and the community will work in tandem to identify risks, assess capabilities, and formulate a strategy to reduce disaster vulnerability.

Public participation and feedback are vital parts of the hazard mitigation planning process. The Franklin County HMP Core Planning Team developed a Story Map to help the public learn more about the hazards that impact the County. Click on the graphic to take you to the Story Map.

Draft Plan

2023 Franklin County Hazard Mitigation Plan Update

The 2023 Franklin County HMP has been submitted to Ohio EMA to begin the review and approval process. To view the final draft, click the buttons below.

Volume I – Area Wide Elements
Federally required elements of a disaster mitigation plan that apply to the entire planning area. This includes a description of the planning process, planning area hazard risk assessments, public involvement, capabilities, goals and objectives, mitigation strategy process, and a plan maintenance strategy.

Volume II – Planning Team Annexes
Federally required jurisdiction-specific elements, in annexes, for each participating jurisdiction. It includes a description of the participation requirements established by the Core Planning Team, as well as instructions and templates that the planning team used to complete the annexes. Lastly, it includes the individual annexes for each participating jurisdiction.

Appendices
Supplementary information from Volumes I and II. This information serves as a resource for Franklin County and participating jurisdictions with reviewing, maintaining, and updating the 2023 HMP.

10

Implementation

- Apply for FEMA HMA funding to implement mitigation actions
- With an approved and adopted HMP, you are eligible to apply for and receive FEMA HMA funding to complete mitigation projects
 - Flood Mitigation Assistance (FMA)
 - Building Resilient Infrastructure and Communities (BRIC)
 - Hazard Mitigation Grant Program (HMGP)

Next Steps

- Begin adopting the HMP
- Attend the BAToolSM webinar on January 11th
- Maintain the plan over the next 5 years
- Apply for grant funding to help complete your mitigation projects!
